

Constable Timothy Cosgrove 58186
Community Policing/Media Relations
Sidney/North Saanich RCMP

I have been an RCMP officer for 14 years, having spent the last 3 years working at the Sidney/North Saanich Detachment. For the past year I have been in the Community Policing role, a portion of this role is to educate members of our community on crime trends. The most preventable crime on the rise in our community [today](#) is frauds and scams which are having a huge financial and emotional impact. The Sidney/North Saanich RCMP's objective is to educate as many people as possible about the most common scams and help people avoid falling victim to fraudsters.

Sunny Lalli
Co-Owner
Keating Computers

I have been in the repair business since 2001. I have worked as a technician in the past. I have been a loyalty support agent for a few telecommunication companies, as well as a supervisor for Sony of Canada. I have been talking about putting together a scam & fraud awareness for years, but since scams, fraud, and computer hacking have ramped up, now was the best time to start bringing awareness to it. This is a passion project of mine, and I am committed to making this a continuous discussion to keep our communities safe.
